PROJECTS

PERSONAL PORTFOLIO (RAMEENSAHOO.ME)

2021-2022

HTML, CSS, JavaScript (Bootstrap, jQuery)

A responsive web and mobile-friendly personal portfolio that focuses on creating a simple yet interactive user interface.

EQUILIBRIUM

2021-2022

HTML, CSS, JavaScript (Bootstrap)

A self-made project centered towards encouraging students to travel to Africa (Kenya, Zimbabwe and Uganda) to experience their culture and improve the lives of others.

Bootstrap scaling, buttons, and color-schemes.

Interactive forms for users to fill out “applications.”

COUNTER APP

2021-2022

HTML, CSS, JavaScript (React)

Practice with creating a counting component which allows users to add and subtract numbers.

PROFESSIONAL EXPERIENCE

CLINICAL RESEARCH DATA COORDINATOR

2019-Present

University of Washington & Seattle Cancer Care Alliance

Worked with a team of researchers to modify a range of databases and answer relevant queries by specified deadlines.

EDUCATION

NUCAMP CODING BOOTCAMP

2021-2022

Seattle, WA

Full-Stack Web and Mobile Development Certificate

UNIVERSITY OF NEBRASKA - LINCOLN

2014-2018

LINCOLN, NE

Bachelor of Arts in Sociology
